

Soil Tunnel Loan Agreement

Name of School/Org: _____

Address: _____

School/Org Phone Number: _____ E-mail: _____

Person in charge: _____

Grade(s): _____ Number of students: _____

After hours contact phone number: _____

Dates: _____ to _____

Transport by: _____ Dates: _____

- If the soil tunnel or accessories are damaged, the borrower will pay for the cost to repair it.
- A charge of no more than \$50 (depending on location) for use of the soil tunnel is to help offset the cost of transport and parts replacement. Any organization that cannot afford this can request a waiver. *Please make checks out to SCCD.* The fee is only \$10 if it is transported by your organization. It breaks down into panels that are 8' and 4' long. When put together it is 8' x 4'. The few accessories fit in a small Tupperware. It comes with flashlights, a tarp and information cards that pin to the panels.
- The Education and Outreach Specialist may be available to teach lessons using the soil tunnel.

Signature of Borrower
